

HALSTEAD/METROFLOR ADDICTION CRISIS CHARITY TO HOST “PATH TO RESILIENCE” FUNDRAISER

-An evening of music and hope in Cartersville, GA Feb. 22-

Calhoun, Jan. 15, 2020 – Halstead/Metroflor’s Addiction Crisis charity (HMAC) will host a night of musical entertainment in Cartersville, GA to raise funds to combat the addiction epidemic affecting addicts and their families nationwide. The Path to Resilience Charity Concert at the Grand Theatre on Feb. 22 at 7 pm will spotlight singer-songwriter Maddy Anderson, daughter of Halstead’s Eric Anderson. Also headlining will be Babe’s Bayou, a local North Georgia country music favorite. Admission is \$25 with all proceeds to provide rehabilitation “scholarships” and support families who otherwise would not be financially able to save their loved ones suffering from substance addiction disorders.

Thanks to the generosity of Halstead employees who have covered the cost of the Grand Theatre, all proceeds from the HMAC fundraiser will support local rehabilitation agencies such as Genesis Ministries in Kennesaw, GA and Damascus Road in Covington, GA. They are two of six East Coast agencies to whom HMAC will provide scholarship support for families in need of rehabilitation support. Find out more about these agencies at hmacfund.org

Said Paul Eanes, vice president of business development for Metroflor Corporation, “This concert will be terrific entertainment from two outstanding musical groups while supporting the vitally important cause of combating addiction. The HMAC addiction crisis charity is marching towards our goal of raising \$500,000 by July 1, 2021! If you cannot attend, we will graciously accept any contributions to our cause.” To donate to the HMAC charity, visit <https://www.hmacfund.org/make-a-donation>. To buy tickets to the Path to Resilience Charity Concert, visit <https://www.hmacfund.org/upcoming-events>. All donations will be matched by Harlan Stone, owner of HTMX Industries, parent company to Halstead/Metroflor.
