

INCEPTION

Waterproof SPC by METROFLOR™

ENVIRONMENTAL DATA SHEET

Metroflor™ is not just the name of an HMTX Industries company, but the essence of revolution in resilient flooring. As the leader in sustainability and transparency, we are engaging in collaborative partnerships that result in healthy, high-performing and biophilically-designed products. Disruptive intelligence dictates our culture. We are answering the need to educate, motivate, and encourage individuals to invest in a restorative ecosystem.

The future starts with all of us.

PRODUCT ATTRIBUTES

PRE-CONSUMER RECYCLED CONTENT	None
POST-CONSUMER RECYCLED CONTENT	None
STABILIZERS	No Red List Heavy Metals
PHthalATES	Phthalate-Free
FORMALDEHYDE	Formaldehyde-Free
FLAME RETARDANTS	None
ANTIMICROBIAL CHEMICALS	None

PRODUCT SAFETY & TRANSPARENCY

Metroflor's product testing program is remarkably stringent. Metroflor products are tested to the latest standards for Volatile Organic Compounds (VOCs), formaldehyde, phthalates, and heavy metals. In fact, the standards used for the testing of phthalates and heavy metals in Inception™ are the same standards used for the testing of children's toys, setting a very high bar. Inception has surpassed that bar – and we welcome you to inspect our HPDs and Declare Labels to your satisfaction. Equally important is the fact that Inception is FloorScore certified, thus ensuring it meets strict standards for indoor air quality.

By selecting Metroflor, you have made the choice for safe and sustainable products. And isn't that what we all want when it comes to products in our businesses and homes? Come join us at Metroflor and discover all of the possibilities of resilient flooring.
